Student Centred Learning in Uganda: The Mwalimu Open Educational Resource

In recent years, Uganda has seen a transformative shift in its educational landscape, emphasizing innovative teaching methods that prioritize the needs, interests, and active participation of students. At the forefront of this movement is the concept of student centred learning, a pedagogical approach that fosters critical thinking, creativity, and independence among learners. Complementing this approach is the advent of the Mwalimu Open Educational Resource (OER), a digital platform designed to enhance access to quality educational materials tailored to Uganda's unique context. Together, student centred learning and the Mwalimu OER are revolutionizing education in Uganda, making learning more inclusive, engaging, and effective.

Understanding Student Centred Learning in Uganda

Student centred learning (SCL) shifts the traditional teacher-led classroom to one where students actively participate in their own educational journey.
